

British Chapter of the ISMRM
12th Annual Meeting
University of Surrey, Guildford 23–25th August, 2006

Membership of the British Chapter

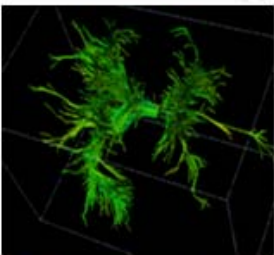

Full Membership of the British Chapter is open to all Members of the parent organisation ISMRM. Full Membership of the British Chapter currently costs £20 per year, and entitles Members to a £20 discount when attending the British Chapter Annual Scientific Meeting.

Thus, if you want to come to this meeting, then, effectively, becoming a member of the British Chapter costs you no money and has a number of benefits.

More importantly, if you are a supervisor, then Full Membership entitles any full-time student you supervise to apply for a student stipend to attend the meeting, if he/she is presenting a talk or poster.

Without your Full Membership, your students will not be entitled to apply for stipends.
